D. Count of Children for Sales Tax Distribution 16

INTRODUCTION

The Virginia School Census is taken every three years (triennially) as prescribed by Sections 22.1-281 through 22.1-286 of the Virginia school laws. Each division superintendent is reponsible for conducting the census in his school division and for filing the required summary reports with the Division of Management Information Services of the Department of Education.

One of the more important uses of the school census data is for the distribution of one cent of the state sales tax funds to counties, cities, and towns that operate as school divisions. Distribution of the state sales tax is based on the count of all persons age 5 through 19 inclusive, plus handicapped persons of ages 2, 3, 4, 20, and 21. Ages of all persons included in the census are as of January 1, 1984.
